

2017 MOWER ACCESSORIES

48" COMMERCIAL REAR-DISCHARGE DECK

The Commerical 48" is a highly robust rear-discharge mowing deck fabricated by HME and has a 122cm (48in.) cutting width. Being shaft driven it is durable and can handle the toughest commercial mowing jobs. It is now available for the 1026R tractor alongside the x-series ride-on mowing tractors.

Features include 6-position height adjustable gauge wheels, ISO mounted gearbox for minimal noise and vibration, 30mm blade overlap, 3mm fabricated deck shell with vertical riser rail and 8mm reinforced spindle mountings.

COMMERCIAL 48" RD DECK

Identification Code: HM-48RD / 1026R

DESCRIPTION	COMPATIBILITY
48" Rear discharge mowing deck	JD X495, X595, X740, X748, X750, X754, X758, 1026R

OUTFRONT MOWER ACCESSORIES

The range of outfront mower accessories includes a road lighting kit, rear bumper and carrier basket, compact weights and a selection of beacons.

COMPACT WEIGHTS	
Identification Code: HM-JD COMPACTWEIGHT	
DESCRIPTION	
Universal 20kg compact weight *single	

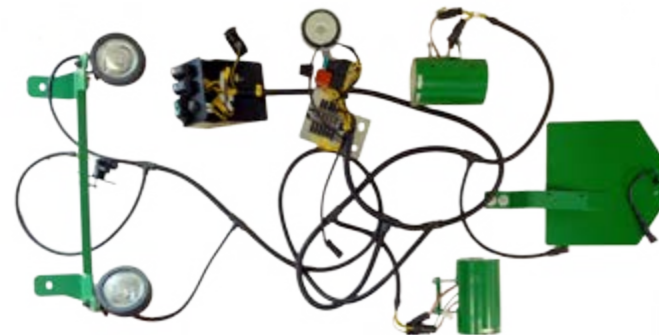

OUTFRONT MOWER REAR BUMPER	
Identification Code: HM-FRMO BUMPER	
DESCRIPTION	COMPATIBILITY
Rear bumper with weight rack	JD 1400/ JD 1500

STANDARD MICRO BEACON	
Identification Code: HM-MICROBEACON STD	
DESCRIPTION	COMPATIBILITY
Micro beacon with standard bracket	Vertical mounting on square and tubular ROPS

OUTFRONT MOWER CARRIER BASKET	
Identification Code: HM-CARRYALL OUTFRONT	
DESCRIPTION	COMPATIBILITY
Carrier basket for rear bumper	JD 1400/ JD 1500
*Carrier basket, requires rear bumper	

JD 1580 LIGHTING KIT	
Identification Code: HM-JD LIGHTS 1580	
DESCRIPTION	
Road-ready lighting kit includes LED sidelights, indicators, brake lights, Halogen running lights, number plate bracket, LED number plate light	
*Compatible with all HME beacon kits, sold separately	

ROBERINE REAR BUMPER	
Identification Code: HM-ROBERINE BUMPER	
DESCRIPTION	COMPATIBILITY
Rear bumper for Roberine triple mower	Roberine F3/R3

ROBERINE CARRIER BASKET	
Identification Code: HM-CARRYALL ROBERINE	
DESCRIPTION	COMPATIBILITY
Carrier basket for Roberine rear bumper	Roberine F3/R3
*Carrier basket, requires rear bumper	

FOR LAWN TRACTORS

The 580 MCS demount kit has been designed to enable close coupling of the grass collector system with quick and efficient removal and storage. Available for the 1026R and X-Series ride-on lawn tractors this demount kits allows the collector to be removed in under 5 minutes. A simple process requires jacking support stands to be positioned on level ground, these raise the collector from the quick attach plate on the tractor, once scv hoses, p.t.o and collector tube have been disconnected the tractor can be driven away. Re-coupling is just as easy.

JD 580 MCS COLLECTOR DEMOUNT KIT <i>Identification Code: HM-FRMO BUMPER</i>	
DESCRIPTION	COMPATIBILITY
Close coupling & demount kit	JD X-Series / JD 1026R
*Specify tractor when ordering	

UPSWEPT DRAWBAR <i>Identification Code: HM-JD1026R DBAR</i>	
DESCRIPTION	COMPATIBILITY
Upswept drawbar kit for JD 1026R tractors	

WELD-ON CHASSIS STIFFNERS <i>Identification Code: HM-XSERIESSTIFFNERS</i>	
DESCRIPTION	COMPATIBILITY
Chassis reinforcing brackets (pair)	JD x series

BEACONS & MISCELLANEOUS

HME offer several beacon kits for commercial machinery, the universal beacon kit is a protected xenon micro beacon suitable for mounting on the top of ROPS frames. Choose the standard beacon kit for mounting vertically on most tubular or box section frames or the heavy-duty large magnetic beacon with 12v pin.

HEAVY-DUTY AMBER BEACON <i>Identification Code: HM-HD BEACON</i>	
DESCRIPTION	COMPATIBILITY
Heavy-duty magnetic beacon with 12v pin	Vertical mounting on square & tubular ROPS

UNIVERSAL MICRO BEACON <i>Identification Code: HM-MICROBEACON UNI</i>	
DESCRIPTION	COMPATIBILITY
Micro beacon with universal bracket	Vertical & horizontal mounting on square and tubular ROPS

The front brush kit for R54RKB walk-behind mowers is a solution to meet the specific requirements of football-pitch turf maintenance. Easy to fit and simple to set-up, the brush provides sufficient turf grooming for an improved cut and professional results.

R54 RKB MOWER FRONT BRUSH <i>Identification Code: HM-R54RKB BRUSH</i>	
DESCRIPTION	COMPATIBILITY
Front mower brush	JD R54-RKB walk-behind mower

SOLUTIONS FOR GROUND CARE

Turf and landscapes must often be maintained to the highest possible standards using a range of groundcare equipment. Howard Marshall Engineering Ltd, has extensive knowledge and experience in this industry and offers products especially to maximise the performance and efficiency of turf and groundcare machinery across a range of applications.
