TRACTOR - LOADER ATTACHMENTS

| COMPACT BALE GRAB | | |
|---|--------|--------|
| Identification Code: HM-JDBALEGRAB | | |
| WIDTH | DEPTH | WEIGHT |
| 1400mm | 980 mm | 160 Kg |
| Max. grab width - 1200mm Min. grab width - 500mm Fits all compact loaders | | |

| MUCK FORK | | |
|--|-----------|--------|
| Identification Code: HM-JD1250MF / 1500MF | | |
| WIDTH | FORKS | WEIGHT |
| 1250mm | 9x 600mm | 60 Kg |
| 1500mm | 11x 600mm | 80 Kg |
| Heavy duty forks at 136mm centre distance. Fits all compact loaders | | |

| MUCK GRAB | | |
|--|-----------|--------|
| Identification Code: HM-JD1250MG / 1500MG | | |
| WIDTH | TINES | WEIGHT |
| 1250mm | 9x 600mm | 140 Kg |
| 1500mm | 11x 600mm | 160 Kg |
| Heavy duty muck grab with an open measurement of 600mm. *Requires a 3rd service hydraulic kit | | |

| BUCKET GRAB | | |
|---|--------|--------|
| Identification Code: HM-JD1500 BG | | |
| WIDTH | VOLUME | WEIGHT |
| 1522mm | 0,24m³ | 160 Kg |
| Open measurement 602mm 4x heavy-duty grab tines *Requires a 3rd service hydraulic kit | | |

BULK HANDLING RANGE

The bulk handling range includes muck forks, grabs and 4-in-1 buckets in various working widths. Manufactured to withstand heavy-duty applications and built to last. The HME 4in1 buckets feature a serated edge for grabbing large objects and can even be used as a log grab.

*Tractor & front loader with HME 2m 4in1 bucket

| 4IN1 BUCKET FOR JD LOADER | | |
|---|--------|--------|
| Identification Code: HM-JD4IN1 60 | | |
| WIDTH | VOLUME | WEIGHT |
| 1530mm | 0,25m³ | 200 Kg |
| 4IN1 BUCKET FOR EURO LOADER | | |
| Identification Code: HM-EU-4IN1 2000 | | |
| WIDTH | VOLUME | WEIGHT |
| 2000mm | 0,64m³ | 350 Kg |
| Open measurement 550mm *Requires a 3rd service hydraulic kit | | |

MATERIAL HANDLING

The material handling range includes front and rear mounted pallet forks, bale handlers and a log grab with independent acting rams. Loader mounted pallet forks include a spill guard as standard and are supplied with heavy-duty forks.

*Tractor fitted with HME rear linkage mounted pallet forks and compact front weights.

| LOADER PALLET FORKS | | |
|--|--------|--------|
| Identification Code: HM-JD PF LDR | | |
| WIDTH | HEIGHT | WEIGHT |
| 1250mm | 814 mm | 160 Kg |
| Loader mounted pallet forks with overspill guard. 2x 80x40x1000mm forks, lift capacity *2000kg at 500mm LSP | | |

| 3PT LINKAGE PALLET FORKS | | |
|--|--------|--------|
| Identification Code: HM-3PTLPF | | |
| WIDTH | HEIGHT | WEIGHT |
| 1250mm | 814 mm | 120 Kg |
| Loader mounted pallet forks with overspill guard. 2x 80x40x1000mm forks, lift capacity *2000kg at 500mm LSP | | |

| COMPACT BALE SPIKE | | |
|--|------------------------|--------|
| Identification Code: HM-JDBALESPIKE | | |
| WIDTH | FORKS | WEIGHT |
| 1250mm | 1x 600mm 2x 1,100mm | 60 Kg |
| Heavy duty forks at 136mm centre distance. | | |

| COMPACT LOG GRAB | | |
|--|--------|--------|
| Identification Code: HM-JDLOGGRAB | | |
| WIDTH | DEPTH | WEIGHT |
| 1400mm | 751 mm | 200 Kg |
| Open measurement 650mm Max Grab Ø 600mm Independent acting hydr. rams on grab arms | | |

WINTER MAINTENANCE

The winter maintenance range includes snowploughs for road and pathway clearance. Snowploughs can be configured to suit various compact tractors with front loader or chassis attaching and hydraulic angling.

| CHASSIS MOUNTED SNOWPLOUGH | | |
|---|--------|--------|
| <i>Identification Code: HM-JD SNOWCHASSIS 60/72</i> | | |
| WIDTH | > 30° | WEIGHT |
| 1530mm (60") | 1325mm | 240 Kg |
| 1835mm (72") | 1585mm | 260 Kg |

*Specify tractor model when ordering (small, large, medium chassis)
Hydraulic angling as standard, adjustable castor wheels, reversable wear strip

| LOADER MOUNTED SNOWPLOUGH | | |
|---|--------|--------|
| <i>Identification Code: HM-JDSNOWLOADER 60/72</i> | | |
| WIDTH | > 30° | WEIGHT |
| 1530mm (60") | 1325mm | 240 Kg |
| 1835mm (72") | 1585mm | 260 Kg |

*Hydraulic Angling Kit

Adjustable castor wheels, reversable wear strip

| WELD-ON EURO BRACKETS | |
|--|--|
| <i>Identification Code: HM-EU LDR BRKT</i> | |
| DESCRIPTION | |
| Pair of weld-on euro brackets for euro-norm loader attachments | |

*Weld-on brackets are supplied unpainted unless otherwise specified

| WELD-ON JD BRACKETS | |
|---|--|
| <i>Identification Code: HM-JD QT WELD ON BRKT</i> | |
| DESCRIPTION | |
| Pair of weld-on JD quick attach brackets | |

| HEAVY-DUTY BALL-END LIFTARMS | |
|------------------------------|-------------------------|
| ORDER CODE | DESCRIPTION |
| HM-JD HD LIFTARM KIT | 3020 & 3R CAT1 BALL-END |

| HEAVY-DUTY HOOK-END LIFTARMS | |
|------------------------------|-------------------------|
| ORDER CODE | DESCRIPTION |
| HM-JDHOOKLIFTARM KIT | 3020 & 3R CAT1 HOOK-END |
| HM-4RHOOKC1 | 4R CAT1 HOOK-END |

| HEAVY-DUTY BALL-END LIFTARMS | |
|------------------------------|--------------------|
| ORDER CODE | DESCRIPTION |
| HM-4RBALLC1+2 | 4R CAT1+2 BALL END |

| HEAVY-DUTY HOOK-END LIFTARMS | |
|------------------------------|------------------|
| ORDER CODE | DESCRIPTION |
| HM-4RHOOKC2 | 4R CAT2 HOOK-END |

AN ATTACHMENT FOR EVERY JOB

ATTACHMENTS

A compact tractor fitted with a loader is a universal tool, HME make it the swiss army knife of compact tractors with an attachment for every job. The attachments are designed, built, painted and tested at our Nottinghamshire based premises. Like the rest of our products they reflect many years of fabrication experience and modern manufacturing techniques. We are constantly progressing and developing new innovative products and solutions to meet requirements of dealers and operators of agricultural and groundcare machinery.
